

# Helmet Safety: Poster Project

---

Educators, this video discussed the importance of helmet safety. At the end of the lesson, the children should be able to:

- 1) Understand the importance of wearing a helmet
- 2) Understand how it helps keep your brain safe
- 3) Demonstrate how to properly fit a helmet

For this project students or children at home will create and present a poster that shows what they have learned helmet safety. To help them focus, give them a theme. You (or they) can choose from the list below or make up another one. When the posters are finished, they can take a picture, upload and send to you to be displayed on a virtual bulletin board. Here are a couple of possible themes:

I need to wear a helmet because.....

The most important thing a helmet does is.....

People wear helmets when they.....

When wearing a helmet, it is important to.....
